

December 2010

The November Chapter meeting was held at the Progressive Aerodyne factory. It was very interesting, a lot of information about The Searey Aircraft was presented. Progressive's General Manager Daryl ????? gave a tour and sales pitch. Due to our Chapter photographer being absent and the Newsletter editor forgetting his camera, there are no pictures available of this memorable meeting. We are including some photos of the June meeting at the Open house at Progressive Aerodyne.

There will be not be a December meeting. See you in January

" Progress in airline flying: now a flight attendant can get a pilot pregnant."

"**Weather** at our destination is 50 degrees with some broken clouds, but they'll try to have them fixed before we arrive. Thank you, and remember, nobody loves you or your money more than Southwest Airlines."

If it's stupid and it works, it ain't stupid.

When Hillary Clinton visited Iraq, the Army Blackhawk helicopter used to transport the Secretary was given the call sign "broomstick one". And they say the Army has no sense of humor!

"

Contact Paul Adrien 352-250-0055.

Please help us advertise the **2005 Starduster Too** that was donated to EAA 517. We are accepting offers and would like to see it gone before Christmas. Please be kind enough to pass the word to your members. This link will take you to a web page that was donated to us with details about this airplane.

EAA Chapter 534 Holiday Party

The Christmas party hosted by Paul and Chef Barbara Adrian was held on the 4th of December

FUN Places to Fly

Earhart's Runway Grill – Lakeland, FL

A new restaurant open at Lakeland Linder main terminal. A tribute to Amelia Earhart and her influence in aviation. A Pioneering Woman, Pilot and Ambassador of goodwill. In 1928 when Amelia appeared before my Great Grandfather David T Layman, he saw the "right sort of girl" , as he put it. The endeavor he was tasked with, finding the first woman pilot to make a Trans- Atlantic flight. -
