HAPPY NEW YEAR!

To All That Fly

By John D. Duvall

May God grant you blue skies aloft,
with winds of calm by land.
As you play on the outskirts of heaven,
on the fragile wings of man.

New Year!

By Charlie Schnitzlein

A FEW RANDOM THOUGHTS AT THE BEGINNING OF A NEW YEAR

#1 Laura Vaughn has built a great looking web site for the chapter. It will be an important vehicle for Information sharing, not only for the chapter members but for potential new members as well. If it is going to be successful it's up to each and every one of us to be active contributors. Member projects, both photos and narrative descriptions of progress are always of interest. News of aviation events and products that you hear about from other sources would be welcomed.

Send your information to:

laura.vaughn@eachapter534.org

#2 The December Sport Aviation contained an article written by Richard Koehler, Technical Counselor on "Homebuilding Rules and Regulations." This is a handy reference to the various publications that a homebuilder will need before the building process is started during construction, as well as upon completion and the start of flying, take a look, you might want to clip and save for future reference.

Continued on Page 2

December Christmas Dinner

Our Chapters' Christmas Dinner at Angelo's Italian Restaurant; it was great to share this holiday with the chapter members, their spouses and friends.

#3 The chapter membership is comprised of members with a wealth of aviation knowledge. It has been my experience, that these members are more than willing to share their expertise. If you have a problem that seems unsolvable or you just need an extra pair of hands to jockey a part into position, don't hesitate to call upon our chapter members. I think you will find them able and willing to help.
