Sept 2014

## Chapter 534

**New/Old Business:** The portable grill needs hitch repair on the trailer. It is difficult to attach the ball end of the hitch. Paul Adrien reports that it has been 'persuaded' back into position using a heavy object and does allow for hook-up.

Young Eagles - first flight will be 10/25. The next Young Eagles will be scheduled on 11/22 then on 12/13. Weather permitting. Wheels up at 9 am, all volunteers should arrive at 8 am -EAA/CAP building.

Jason Fitzwater, one of our previous Young Eagles, was unable to attend the Naval Academy this year. A suggestion was made to send Jason messages of encouragement about trying again for next year's class. An email address will be sent to the membership, so we can keep his spirits and desire up while he is headed to college this year.

**501c(3)** The new forms are in hand for submittal. There is a 400.00 online fee collected at the time the forms are submitted, they must be done via the internet. Authorization for payment was approved.

### Aug 30th Meeting

**Aero Adventure** has offered a Piel Emeraude an all wood 2 seat side-by-side aircraft to the Chapter to finish restoration. The aircraft has been repainted, and comes with all the parts. The Emeraude is a low-wing cantilever monoplane with fixed tail wheel undercarriage and side-by-side seating for two. The prototype was designed and built by Claude Piel, who then licensed manufacture of the aircraft to a number of firms, most significantly Coopavia for the CAP-10. Aero-Adventure will be selling the plane and they will split the profits with the chapter.

*This is not a picture of the actual aircraft being offered. Just what one looks like...*

**Emeraude, Super Emeraude, Aerie**

CP301A Emeraude

### Speaker - Jason Spinks

*Aero Adventure V.P. of Business Development*

"Start Your Amphibious Journey Today!" Chapter 534 had a great presentation by Jason Spinks for Aero Adventure. Jason gave a lot of information about their aircraft; kit assembly in about 250 hours! Their website is [Sea-Plane.com](http://Sea-Plane.com), kit includes just about everything.

## MEMBER PROJECTS

Ed Odor's Murphy Rebel ran for the first time in August. There needs to be a MAG check done.

Bill Starkey reports his Searey factory wiring is complete and he'll get back to more finish work this coming week.

Please let John Weber, [ransfly@aol.com](mailto:ransfly@aol.com), know about your aircraft projects. If you have pictures we would love to see them.

## FOR-SALE

### Kitfox Project

The link above is to my drop box file showing the Kitfox pictures and two documents itemizing the project. Although I would consider bringing it to FL to try to get others interested in it, my first option is to sell it outright.

I am asking \$ 45,000. It is posted on Barnstormers also.

Bill Harryman  
[wkharman3@gmail.com](mailto:wkharman3@gmail.com)

## FOR-SALE

## Looking for Personal Stories involving aviation

If any of our members would like to share any aviation type experiences they've had through the years, we are interested in hearing them. I'm sure these would be educational, thrilling, enlightening and heartwarming. If your experiences are military, career, or personal, we would like to hear them.

Please contact me: Laura Vaughn ([mailto:ljv3660@hotmail.com?subject=Aviation Stories](mailto:ljv3660@hotmail.com?subject=Aviation%20Stories))
