

APRIL 2010

The March Meeting is to convene at the EAA chapter meeting room at the Leesburg International Airport. We will meet in the parking lot at the CAP Bldg, then go to the Hangar to view Earl Johns' TM-5

9:00 Am 24 Apr 2010 Hope to see everyone there.

Our guest speaker for the March meeting was Art Hoblin, US Customs agent, who spoke about customs requirement flying to and returning from the Bahamas and other Non US destinations.

His talk was very informative and interesting, I hope everyone enjoyed it as I did.

Anyone interested in learning more may go to the customs and border patrol website, [www.cbp.gov](http://www.cbp.gov). Bahamian private aircraft entry and departure procedures and requirements can be found at [www.bahamas.co.uk](http://www.bahamas.co.uk)

Ed Cihoski displayed several of his canard configuration model airplanes. He gave an informative and enlightening talk about the models and how he acquired them. We don't have any photos to include, sorry Ed.

## Security Mathers

At Heathrow Airport today, an individual, later discovered to be a public school teacher, was arrested trying to board a flight while in possession of a compass, a protractor, and a graphical calculator.

Authorities believe he is a member of the notorious Al-Gebra movement.

He is being charged with carrying weapons of math instruction.
