

## Executive Committee

### BUS TO SUN-N-FUN

We need a minimum of 24 people to utilize a bus to Sun-n-Fun, Lakeland, FL. There will be a sign-up sheet at Sunair across from the CAP/EAA Building (Leesburg Intl. Airport). The bus will leave on the 23<sup>rd</sup> of April from the airport, departure time 0800, we will return at 1630. The price is 55.00 per person; this includes entrance to the air show.

### February Meeting

New magnetic ID badges are in; please see Bill Howard at the next meeting.

Our February meeting was held at Jim Kimball Enterprises, Zellwood, FL. Jims' company prides itself on restoring vintage aircraft or creating new custom designed flying machines.

These are a few pictures from our tour...

Pitts Model 12

### **“Peace of Mind” Found at Advantage Discount Auto Parts**

*John Weber – EAA Chapter 534*

The adding of ethanol to premium unleaded auto gas has caused me some uneasiness flying the Rans S-6. The latest word I have heard from the Rotax people has lessened my worries about the engine, but I wonder what is going on in the fuel tanks (composite) and the fuel lines. My current fuel filter has an all-metal case, so I don't know what is going on with it. I had made the decision to replace the fuel filter and cut it open to see what was inside. I stopped at the auto parts store today for a replacement filter and found a GREAT filter. It has a clear outer shell exposing the filter element. The filter element looks to be plastic holding a metal screen element. I didn't want a filter with a paper element, as I have heard that water in the fuel can cause an obstruction if the paper gets “wetted out”. Now I will be able to see any material that is trying to build up in the filter. Cost was about \$11, but is certainly a good investment in safe flying as far as I am concerned. BLUE SKIES....

## ON A GRANDER SCALE..

TIGER MOTH

TOP CAT PEDAL PLANE

I built this "Top Cat" pedal plane for my first grandson. He is now 21 years old, so it was quite a while ago. I no longer have the plans for the Top Cat, but I do have the plans for a Tiger Moth. If anyone would like to borrow them give me a call.

Charlie Schnitzlein  
EAA Chapter 534

**A reminder to the membership:** We have plans for a Side-Winder, EAA Sport Biplane and a Aero Mirage. These plans as well as various aviation related books and videos are available to members for their use. If you are interested in borrowing any of this material see or call one of the chapter officers.

## FOR-SALE..

- **Rans S-12.** Jabiru 2200 engine. TTAF 335. TT-engine-200 hours. VFR only. Can be flown light sport. \$18K.

**Contact:** John Weber 352-787-5879
