

Oct 2010

## Sept Meeting

Our September meeting was held at Chapter 534 member Don Kosmin's home. Don is currently building the RV-9A aircraft. (<http://www.vansaircraft.com/public/rv-9int.htm>)

If you're not sure about building an aircraft in a garage that holds 2 cars; Don has. The key is to be organized and neat about your work. Great job Don!

**YOUNG EAGLES** Chapter 534 members: Don Kosmin may have possible candidates.

Check the link for more info: "[Sporty's Supports Young Eagles](#)"

**“ What is included in the program?** There are actually two components, a logbook and access to an on line pilot training course. Sporty's is providing a special “Young Eagles” logbook that pilots can present to their passengers following the Young Eagles flight. The logbook's first entry is designed to record the details of the flight. It also provides an opportunity for the pilot to show the Young Eagle how pilots record their flight time. In addition, the pilot should encourage their Young Eagle to record other aviation experiences in the logbook, such as attending an air show or a Chapter event. It does not need to only record flight time, although the logbook is designed to meet FARs. Along with the logbook is a unique access code a child can use to access Sporty's Complete Pilot Training Course on line. Instructions for registering for the class are also included.”

## LIPCOMING...

- Oct 23<sup>rd</sup> – Chapter 534 pancake breakfast - 9 AM EAA/CAP building, Leesburg International Airport.
- 1st Annual SeaRey Inaugural Flight Anniversary Fly-In At Bowden's Landing, Sunday November 14th 2010 9:AM till 4:PM <http://bowdens-landing.com/default.aspx>

## *CHECK IT OUT...*

### **WINGS - Pilot Proficiency Program -- NEW Course!**

Presented by: **FAASTeam/NRC**

“The **WINGS** - Pilot Proficiency Program is now easier to use than ever before! **WINGS** offers you a simple, straightforward way to achieve and maintain a current flight review through a consistent, recurrent safety training program.

This brief orientation to the recently revised **WINGS** – Pilot Proficiency Program will get you up to speed on all the new features! You’ll learn about:

- The new tab and menu system of navigation
- The new CFI Portal
- The new user Dashboard
- The new My **WINGS** page
- A new feature called My Alert
- You will experience the completely re-designed web site.

In addition, instead of scrolling through long lists to find activities that match your training needs, you are now presented with a suggested list based on your entries in your Airman Profile. If you don’t like those suggestions, we provide an easy link so you can choose alternate activities from much shorter lists.”
